

Alaa Bakr AboTaleb

9th July 1996, EG

Senior Mobile Application Engineer | Flutter Specialist

PROFESSIONAL SUMMARY

Results-driven Flutter Developer with 4+ years of experience delivering high-performance, user-centric mobile and web applications for enterprise and consumer markets. Proven record of reducing crash rates by 30%, boosting delivery efficiency by 25%, and building 10+ production-ready apps using Flutter, Dart, Firebase, and REST APIs. Adept at UI/UX optimization, clean architecture, performance tuning, and Agile/Scrum delivery. Skilled in state management (Bloc, GetX, Provider), CI/CD workflows, and cross-functional collaboration to ship scalable, maintainable solutions.

CORE TECHNICAL SKILLS

- **Languages & Frameworks:** Dart, Flutter, JSON, RESTful API
- **State Management:** Bloc, GetX, Provider, Stateful Widgets
- **Databases & Storage:** Firebase, Hive, Sqflite
- **Architecture & Patterns:** MVC, MVVM, Clean Architecture, SOLID Principles
- **Tools & Platforms:** Git, Postman, Xcode, Android Studio, CI/CD (GitHub Actions)
- **Testing & Quality:** Unit Testing, Performance Optimization, Debugging

PROFESSIONAL EXPERIENCE

- **Flutter Team Lead | Dexef ERP System | Feb 2023 – Present**
 - Collaborated with a 4+ developer team to refactor core modules, reducing app crashes by 30% and improving user retention.
 - Developed new POS, ticketing, and financial modules, handling 10K+ monthly transactions.
 - Integrated real-time chat using SignalR and optimized database queries for 20% faster load times.
 - Enhanced UI/UX for enterprise clients, improving feature adoption rates by 15%.
- **Part-Time Flutter Developer | Yapoe Company | Feb 2024 – Jun 2024**
 - Engineered cross-platform features, increasing delivery efficiency by 25%.
 - Implemented responsive design and localization for multilingual user base.
- **Freelance Flutter Developer | Oct 2022 – Present**
 - Delivered 5+ client applications using Flutter and Firebase with a focus on performance optimization.
 - Built AI-powered tools, POS systems, e-commerce apps, and kitchen management solutions.
- **Software Technical Support | Pioneers Company | Jun 2022 – Feb 2023**
 - Resolved 150+ tickets/month, reducing average resolution time by 35%.
 - Improved customer satisfaction through proactive issue prevention strategies.

SOFT SKILLS

- Problem Solving & Critical Thinking
- Team Collaboration & Communication & Adaptability & Fast Learning
- Time Management & Organization & Creativity & Innovation

SELECTED PROJECTS

- **POS** ([Google Play](#) / [App store](#))
 - Enterprise POS system managing sales, purchases, returns, expense tracking, and reporting.
 - Optimized invoice processing for 10K+ monthly transactions.
 - Reduced system load time by 20% via query optimization.
- **Rwafy** ([Google Play](#) / [App Store](#))
 - Airline ticket booking & financial management platform.
 - Implemented real-time chat and secure transaction tracking.
- **Alketab** ([Google play](#) / [App Store](#))
 - Islamic lifestyle app with Quran recitation, prayer times, reminders, and localization.
 - Enabled multi-language support (Arabic, English, French).
- **Hadith** ([Google Play](#) / [App Store](#))
 - Hadith collection with offline access, modern UI, and seamless navigation.
- **My Dexef (Web)** | my.dexef.com
 - Flutter web app for managing Dexef accounts, devices, and workspaces.
- **9am (Web – Android - IOS)** | am9.com / [Google Play](#) / [App Store](#)
 - Restaurant management system with bill payments, order tracking, cashier operations, and offline-first architecture, achieving 25% operational efficiency improvement through multi-user permissions and custom templates.
- **Aljthoor** ([Google play](#) / [App Store](#))
 - A complete ERP solution designed for schools and bookstores.
 - Easily manage books, school supplies, inventory, sales, purchases, customers, suppliers, and accounts from one powerful, user-friendly system.
- **9am mobile** ([Google Play](#) / [App Store](#))
 - An accounting application that allows you to easily create invoices, manage expenses and revenues, record cash payments and receipts, and generate reports for an overall financial overview.

EDUCATION

Bachelor's Degree in Computer Science, Banha University, 2019

LANGUAGES

- **Arabic:** Native
- **English:** Good (Professional Working Proficiency)
